## 53<sup>RD</sup> Annual Meeting

Fairmont The Queen Elizabeth Hotel  
Montréal, Québec, Canada

**May 4–7, 2005**

### IN CONJUNCTION WITH

Society of Chairmen of Academic Radiology Departments (SCARD)  
Association of Program Directors in Radiology (APDR)  
American Alliance of Academic Chief Residents in Radiology (A<sup>2</sup>CR<sup>2</sup>)  
Alliance of Medical Student Educators in Radiology (AMSER)  
Radiology Research Alliance (RRA)  
Radiology Alliance for Health Services Research (RAHSR)  
Association of University Radiologists–Europe (AUR-E)  
Association of Program Coordinators in Radiology (APCR)

In Joint Sponsorship with the Radiological Society of North America

# Introduction to Grantsmanship Workshop

**FRIDAY, MAY 6, 2005**  
**8:30 AM–12:00 PM**

The RSNA Department of Research will offer an Introduction to Grantsmanship Workshop. This course is geared toward residents, faculty members considering becoming involved in research, and radiologists engaged in research. Program content covers a broad range of topics, including:

- The Radiology Research Agenda
- From the Unfunded to the Funded Radiology Investigator
- Pathways to Success; Evaluating Your Data
- Experimental Designs for Laboratory and Clinical Studies
- NIH Review and Study Session Processes
- RSNA Funding Opportunities

Please see the AUR Annual Meeting Registration Form to register for this workshop.

## CME INFORMATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Radiological Society of North America and the Association of University Radiologists. The Radiological Society of North America is accredited by the ACCME to provide continuing medical education for physicians.

## DESIGNATION STATEMENT

The Radiological Society of North America designates this educational activity for a maximum of 34.25 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

## TARGET AUDIENCE

Radiologists, researchers, other allied health professionals, trainees and administrators in academic radiology.

## LEARNING OBJECTIVES

By participating in the Association of University Radiologists' 53rd Annual Meeting attendees will be able to:

1. Discuss and debate the most controversial issues related to academic radiology;
2. Identify solutions to dilemmas facing academic radiology;
3. Analyze strategies for medical student education and the utility of such programs to attract the brightest students into radiology;
4. Develop methods to better administer an academic department of radiology or radiologic practice;
5. Use computers to improve radiologic teaching, delivery of care, research, and other areas of academic radiology;
6. Analyze key issues in radiologic education, economics, practice efficiency, and strategy; and
7. Assess the latest findings in educational research and innovations in radiology.

## DEAR MEMBERS OF AUR AND AFFILIATED ACADEMIC SOCIETIES:

I cordially invite you to attend the 53rd Annual Meeting of the Association of University Radiologists, which will be held in Montréal at the elegant Fairmont The Queen Elizabeth. The setting is magnificent!

The AUR family represents a diverse group that includes radiology department chairs and administrators, program/clerkship directors and coordinators, researchers and research directors, residents and chief residents, as well as leaders of national organizations such as ABR, ACR, ARRS, and RSNA, and international academic leaders. More than ever before, our societies and sections have come together to create a program that reflects their common interests, as well as the diverse and complementary nature of the many facets of academic radiology they represent: education, research and administration. Back by popular demand will be the well-received session on "Critical Thinking Skills", jointly sponsored by RAHSR and A<sup>3</sup>CR<sup>2</sup> and targeted at educating residents on one of the important new ACGME requirements for residency training.

Each member Society and Alliance has again organized a plenary session open to all meeting attendees. In addition, each organization has planned sessions, which will address topics of interest to their respective members. Please see the enclosed program for further details.

Meeting highlights include sessions on "Transformation of Radiology Departments as Major Research Institutions: Focus of Residents and Trainees" (RRA/A<sup>3</sup>CR<sup>2</sup>/APDR), "Learner-Centered Education" (APDR/APCR), "Creating an Educational Website to Fulfill a Required Competency" (AMSER/APDR), the Brogdon Panel on "The Resident and the Malpractice Suit" (A<sup>3</sup>CR<sup>2</sup>/APDR/SCARD/APCR), "How to Avoid the 10 Most Common Causes for RRC Citation" (APDR/APCR), "Practical Use of Digital Teaching Methods" (AMSER), "Educational Principles and Digital Teaching" (AMSER), "Critical Thinking Skills: Evidence-based Radiology" (A<sup>3</sup>CR<sup>2</sup>/RAHSR), "Medical Errors and Patient Safety: Issues in Radiology" (RAHSR), "Advanced Research Topic and Works in Progress" (RAHSR), "Evidence-based Radiology: Lessons Learned from Vertebroplasty" (AUR/RAHSR), "Radiation Dose" (SCARD), "Cardiovascular Radiology" (SCARD), and "The Coordinator's Role in the Radiology Residency Program" (APCR). In addition, there will be a visiting professor keynote address co-sponsored by AUR, SCARD, APDR, APCR and A<sup>3</sup>CR<sup>2</sup> entitled, "How We Learn - Implications for Adult Education" by Geoffrey Norman, PhD. The basic science sessions sponsored by RAHSR have been fully integrated into the AUR meeting, with a special colloquium on "Mentoring the Mentors: Aligning Expectations Between Mentors and Mentees".

The AUR is grateful for many industry-sponsored programs. The General Electric Radiology Research Academic Fellowship (GERRAF) program will include an introduction of new fellows and current fellow presentations of their works-in-progress and completed projects. The AUR Philips Junior Faculty Development Program will host up-and-coming academic faculty members from across the United States. The AUR-Kodak sponsored Radiology Management Course will return with a two day program.

Of course, there will be plenty of fun too. Don't miss the hotly contested Vydareny Film Interpretation Competition, and the Welcome Reception where attendees and their guests will have an opportunity to enjoy the elegance and ambiance of our host city.

I speak for all the officers of all of the AUR family of organizations when I say we are really looking forward to welcoming you to our 53rd Annual Meeting.

Sincerely,

G. Scott Gazelle, MD, MPH, PhD  
President

## TOURS OF MONTRÉAL

### **Botanical Garden, Olympic Tower and Biodôme** **Thursday, May 5th, 2005, 10:00am – 4:00pm**

Leaving your hotel, you will first travel along the St. Lawrence River to the second largest Botanical Garden in the world displaying 20,000 species of flowers and plants in 30 outdoor gardens and 10 greenhouses. Of special interest, a remarkable collection of bonsai and orchids. During the month of May, you can choose to visit the Exhibition Greenhouses, the Japanese Pavilion, the Chinese Garden, the Arboretum or the Insectarium.

Then you will enjoy a delicious lunch in a restaurant in the area. Next visit will bring you to the Biodôme, a unique concept of a “living” museum. Wander through four full scale natural ecosystems of the Americas: the Tropical Forest, the St. Lawrence Marine, the Laurentian Forest and the Polar World, complete with landscapes, waterfalls, rivers, flora and birds, animals and fish. Our last stop is at the Olympic Tower and the buildings constructed for the 1976 Olympic Games. You will ride the funicular to the top of the world’s tallest inclined tower to admire the view of Montréal and the river.

**Cost: \$88.00 per person** (Canadian Dollars)  
(Minimum 35 persons)

### **Culinary Experience “A la Montréal”** **Friday, May 6th, 2005, 11:00am – 3:00pm**

For some, Montréal means French cooking, for others it means smoked meat or poutine or sushi, open air markets or BYOW (bring your own wine) restaurants. In truth, Montréal is all that and much more. As your professional guides lead you through the city, this tour will allow you to discover some of the cultures that have influenced Montréal’s cuisines. The tour starts with a visit to the Jean Talon Market, where you will meet local producers who will let you sample some of their products. The tour then continues in the professional kitchen of a chef. He will share with you his tricks of the trade as he shows you how the dishes are made. Enjoy your cooked meal and all the culinary pleasures “A la Montréal”.

**Cost: \$145.00 per person** (Canadian Dollars)  
(Minimum 35 persons)

To register for a tour please complete the enclosed form and return to Visites de Montréal via fax (514) 989-7365. All tours will leave from the Fairmont The Queen Elizabeth Hotel on Mansfield Street. The deadline to register for a tour is Friday, April 1, 2005. No onsite registration will be accepted for tours. Registration fees will not be refunded after the deadline of Friday, April 1, 2005 unless tours are cancelled by Visites de Montréal DMC for lack of participation. Participants will be advised and refunded.
