Big picture

Success

Slicer2 exists, works, is supported:
best way to serve your clients now

Dreams

- hub of the universe
- living data
- interactive classroom
- undo
- get back to me
- sleeping well at night
- living forever

Artifacts

- evolved
- limited application structure
- limited reusability
- some schizophrenia

Limitations

- reuse
- comprehension
- testing
- maintenance
- extension

Ideas and plans

- identify building blocks
 - code
 - services
 - policies
- re-engineer foundations
 - base code
 - MRML
 - UI + UI/code interface
- bring in new ideas

Looking forward

We need your help.
